Combo Filtration and Air Scrubber Special *Cleaner, Healthier Air for You and Your Family*

Aprilaire #2410 Air Filter

- Prevents dust build up
- Maximizes the life of your heating and cooling equipment
- Improves energy savings by keeping your HVAC equipment clean
- Produces no ozone because it has no moving parts
- Requires maintenance just once a year
- Traps 98% of pollen and mold spores
- Permanently captures at least 97% of bacteria and fungi
- Traps 96% of pet dander and respirable dust
- Traps <75% of tobacco smoke and smog

Air Scrubber Plus

CLEANS

Air Scrubber Plus® with ActivePure™ technology, kills germs on surfaces like doorknobs, toilets, kitchen counters and in pet areas. Air Scrubber plus can tackle odors caused by smoke, pets and food

FRESHENS

Why spray and scrub surfaces or disguise strong odors with toxic chemicals? Air Scrubber Plus® not only purifies the air in your home, it reduces strong odors by naturally mopping up the particles that keep those odors lingering.

PURIFIES

Unlike air filters that are passive - Air Scrubber Plus® actively treats the air by continually sending out ActivePure scrubbers throughout your home to greatly reduce chemicals, dangerous contaminants, mold, odors, and pollutants in the air.
